**Benvenuti nella terza dimensione del modellismo!**

Grande dettaglio in dimensioni contenute

I Modelli della linea di veicoli militari in scala 1:56 Italeri possiedono due grandissimi pregi: un livello di dettaglio elevato come solo le scale "maggiori" possono offrire e dimensioni contenute. Grazie a queste caratteristiche il modellista potrà realizzare una collezione completa di veicoli militari senza la necessità di avere spazi importanti per esporre i suoi modelli. Inoltre la ricca linea di mezzi militari della Seconda Guerra Mondiale comprende i carri armati più celebri utilizzati dalle forze armate Alleate e dell'Asse.

**Welcome to the third dimension of modelling!**

Great detail in a compact size

The 1:56 scale Italeri military vehicle line has been developed around a significant strength: a high level of detail in the models that only larger scales can offer, but in a compact size. This is a crucial factor for model enthusiasts who can create a complete collection of military vehicles without the need for significant display space. The line of World War II military vehicles includes the most renowned tanks used by both Allied and Axis forces.

# A dedicated line 80 years after D-Day

The year 2024 represents an important date to commemorate a historic event that changed European and World History: the Allied landing on the beaches of Normandy on June 6, 1944. To celebrate the eighty years since this historic event, Italeri has developed a product line featuring the D-Day 1944-2024 logo and dedicated packaging. This collection includes some of the most significant military vehicles used by both sides during the 'Overlord' operation, from Allied landing craft to the renowned German 'Panzer' tanks. It is a complete collection that combines modeling passion with an interest in history.

## Una linea dedicata a 80 anni dal D-Day

Il 2024 rappresenta una data importante per commemorare un evento che ha cambiato la Storia Europea e Mondiale: lo sbarco da parte degli Alleati sulle spiagge della Normandia il 6 giugno del 1944. Per celebrare gli ottant'anni dallo storico evento Italeri ha sviluppato una linea, caratterizzata dal logo D-Day 1944-2024 e da un "packaging" dedicato, che comprende alcuni tra i veicoli militari più significativi impiegati, da entrambi gli schieramenti, durante l'operazione "Overlord". Dai mezzi da sbarco Alleati ai più celebri "Panzer" tedeschi una collezione completa che coniuga la passione modellistica e l'interesse per la Storia.
